

PROSIveg 20 L

Amino Acids

PROSIveg 20 L is a product that contains the principal amino acids from vegetal hidrolisis. Being able to stimulant. He can apply oneself when he plants it to status subdued to adverse conditions (drought, frosts, stress, etc.) In order to favor his recuperation.

Applications

As a result of the careful manufacturing process, the **PROSIveg 20 L** line of products with amino acids can be applied using all kinds of irrigation systems, both foliar applied and root applied.

Mixing preparation and compatibility

Before preparing a final mixture should make some compatibility tests. If you have doubt, consult with the Technical Department.

PROSIveg 20 L is compatible with most of NPK fertilizer and plant protection of normal use.

Observations

The recommendations and information we have provided are the result of extensive and rigorous studies and trials. However, in using many factors may beyond our control (mixture of preparation, implementation, climatology, etc.) The company guarantees the composition, design and content. The user will responsible for damage (lack of efficacy, toxicity generally waste, etc.) disrespect for all or part of the label instructions.

Consult the technical service in case of doubt:
